ASSIGNMENT 2.4

on

Data Visualization

Submitted by:

Haseebullah Shaikh (2303.KHI.DEG.015)

and

Faiza Gulzar Ahmed (2303.khi.deg.001)

Dated : 17th Apr 2023

Task 01:

Download the Breast Cancer Wisconsin dataset from https://www.kaggle.com/datasets/uciml/breast-cancer-wisconsin-data. After downloading, read about scatter matrix and implement it using plotly. Limit it to only few(5-6) features of your choice.

Try to make it as readable as possible (eg. use colors to represent target class).
